Subject: Redistricting Map

Mr. Bachman: We are aware that you had questions regarding redistricting. Your address of 2510 Broad Street Road has previously been in District 2. Based on the proposed redistricting maps you would now be in District 3, specifically precinct 301, which would vote at the Goochland County Animal Shelter.

The redistricting maps are on the county's website and we are currently having a series of public comment meetings. Staff will be providing all comments to the Board of Supervisors on 2/22 which may include any suggested map changes. If any changes are recommended the revised redistricting map will be on the County website for 15 days. We anticipate the Board taking final action on the maps at their meeting on March 15 at 6:00 pm.

You will not be required to register again, following approval of the maps you will get a letter from the Registrar with your new voter information.

I am also attaching a link to an app that you can search for district information by address.
